Personal Safety Products Catalog

**AOSafety**® is the recognized leader in the hearing protection industry. Our foam earplug was the first ever produced and continues to be the top selling protector in the industry. **AOSafety** manufactures an array of ear products with unique features and benefits.

**E-A-R**® Plugs are commonly used to drown out snoring and to keep water out of a swimmer's ears. However, today they are also a preferred method for improving concentration and eliminating distractions, thereby improving the quality of life for many individuals. The popularity and use of earplugs continues to grow as hearing conservation and non-medical remedies become increasingly known and accepted.

**AOSafety**, the premier marketer of safety products to both consumer and industrial markets, is proud to offer an extensive line-up of Health & Beauty Care hearing protectors. We have combined our customer, product and marketplace knowledge to create unique offerings that will grow your sales. Let us lend our expertise to grow your hearing protector category, profitably.
