

INTRODUCING . . .

WOODWORKER'S RESPIRATOR

for Sanding, Drywall, Fiberglass

Finally - there's a respirator that is lighter weight and more comfortable than dual cartridge respirators, yet more economical than disposables.

AOSafety's Woodworker's Respirator helps provide protection against non-oil containing dusts, fumes and mists commonly associated with sanding or cutting wood, metal and plastic.

The soft rubber facepiece features two exhalation valves for easier breathing. N95 filter disks can be replaced for repeated use.

- Replacement N95 filter
- Two exhalation valves
- Soft rubber facepiece
- Easy to disassemble and clean
- Lightweight - under 5 ounces
