

HEAR NO FEAR

Young workers
don't want
what
was.

They
want
what's
next.

Would Not
Wear Hearing
Protection
If Given the
Choice.**

**INTRODUCING
PELTOR® NEXT™**

*The Only Earplugs Specially Designed
For Today's Young Workforce.*

It's a fact. Today's younger workforce is the most challenging group to get to wear hearing protection.

Why?

With today's louder lifestyles, they just don't fear the dangers of workplace noise and its long term effects as much as older workers. So, they are less motivated by how well the product protects.

They are more driven by an earplug's look, comfort and design.

Simply put, they don't want "yesterday's" plugs. They want new. They want different. They want a choice. That's why Peltor, a world leader in hearing protection for over 50 years, has developed the NEXT line of earplugs.

With electrifying colors, exciting shapes, and ultra-soft designs, and contemporary packaging to complement its stylish edge, NEXT is exactly what younger workers want – Which will get you exactly what you want – better compliance.

**NEXT Earplugs.
It's motivation
with innovation.**

HEAR NO FEAR

NRR 30 dB
Available with or
without silver vinyl cord

PELTOR® NEXT™

NEW Skull Screws™ Earplugs

Get Compliance Into Their Heads.

Grab young workers by the ears with metallic-look Foam, screw grip and twist-to-seal design. These plugs bring a new radical attitude to the workplace that's sure to boost compliance with younger workers.

NRR 30 dB
Available with
or without cord

NEW Tattoo™ Earplugs

Cool Look, Soft Touch.

Barbed wire graphics wrapped around this plug give it a popular, edgy appeal. The soft, smooth foam and tapered shape give it a great "feel" for all-day comfort.

Nitro™ Earplugs

*Explosive Colors, Softest Foam,
Tapered Shape*

Choice of eye-shocking orange, red, pink, and purple pairs in one convenient dispenser box. Ultra-soft foam formulation for comfortable all-day wear. Plus, a tapered shape for easy insertion and excellent canal-hugging seal.

NRR 32 dB
Available with
or without cord

No-Touch™ Foam Earplugs

Hands Off The Foam

What could be easier? These bright purple plugs are soft, shaped and ready for immediate use – right out of the package. No Roll Down required.

Tri-Flange™ Earplugs

Multiple Seals, Multiple Uses

Soft, flexible flanges conform to the shape of the ear canal to form a triple-level seal against noise. The plastic LiveWire Stem allows for quick, clean, and optimal insertion for maximum protection.

NRR 26 dB
Choose a vinyl
or cloth cord

NRR 29 dB
Just grab the convenient
stem for a firm, deep,
and hygienic insertion.
