

# TEAR-N-WEAR™

FACESHIELD  
WINDOW

No Cleaning. No Work Stoppage. No Lost Visibility.

**PATENTED SYSTEM GIVES  
WEARERS A CLEAN,  
DISTORTION-FREE VIEW –  
AGAIN AND AGAIN.**

## **Seven Strips For Extended Wear and Increased Economy.**

Now splattered or dirty faceshields don't mean lost productivity. Instead of stopping work, all wearers have to do is tear away one of the handy view strips. They'll have a clean, distortion-free sightline instantly. Tear-N-Wear is that quick, that easy, and will help reduce profit-robbing downtime – every time.

- Ideal For Painting, Plastering, Cement Or Grinding Dust
- Saves Time, Increases Productivity
- Excellent Heat, Chemical And Scratch Resistance
- Pads Have Seven View Strips
- Window Fits All AO Tuffmaster® Headgear
- Refill Pads Available

in professional racing.*

# TEAR-N-WEAR™

## FACESHIELD WINDOW

IDEAL FOR PAINTING,  
PLASTERING, CEMENT  
OR GRINDING DUST

Increase productivity with the only system that renews the view without losing the clarity.

Others have tried, but only AOSafety® has perfected the renewable faceshield window.

Based on the proven technology used on professional racing helmets and windshields, the patented Tear-N-Wear view strip uses a clear adhesive system. The result?

**The multiple layers of film do not diffuse light that can cause distortion and reduced clarity.** Instead, wearers get a clean, clear view that helps reduce work stoppage and increase productivity.
