

CENTURION® 452 Impact and 454 Splash Goggles

Open-View Peripheral Vision

With a wide-angle wrap around design, CENTURION goggles offer exceptional "side-to-side" peripheral vision. This "open" viewing range gives workers a non-restrictive feel and helps promote long term wear for improved compliance.

Features include:

- Tough Duralite® Polycarbonate Lens with 99.9% UV Protection
- Optional Anti-Fog Resistant Coating
- Large Lens Opening Fits Over Prescription & Safety Glasses
- Wide Nasal Flare Fits Over Most Half-Mask Respirators
- Meets ANSI Z87.1 and CSA Z94.3 Standards
- Replacement Lenses Available
- Made in U.S.A.

HIGH SPLASH PROTECTION 710B Splash Goggle

Maximum Protection with Added Fog Prevention

The 710B is designed to provide maximum protection against splash, spray, flying particles and dust. Its innovative, vent-free ventilation system helps resist contaminants while providing fog-free operation – twice as much as similar goggles.

Features include:

- Vent-free Ventilation System
- Tough Duralite® Polycarbonate Lens with 99.9% UV Protection
- Available with DURAFON® Anti-Fog Coat (model 710BAF)
- Fits Over Most Eyewear
- Meets ANSI Z87.1 and CSA Z94.3 Standards
- Replacement Lenses Available
- Made in U.S.A.

The 710B features an innovative vent-free ventilation system.

RIGHT FOR SIGHT

In today's industrial, petrochem, laboratory, and other working environments, there is a lot that can go wrong. At AOSafety, we have developed a line of eye protection goggles to help make sure safety goes right.

The line is extensive to protect against impact, dusts, chemical splash, and grinding particulates and to offer special advantages for welders. The line is engineered to provide excellent performance and meet industry standards.

Equally important, the line is designed to be comfortable in order to promote long-term wear and better compliance.

AOSafety Protective Goggles.

Right for sight.

Right for you.
