

# THIS IS BEYOND

NEW METALIKS™ SAFETY EYEWEAR

The polished silverized metal frame, comfort of the spatula temples, sleek 10-base de-centered lens, and the convenience of an adjustable fit not only puts METALIKS in a class of its own, it puts them way beyond the standard.

# NEW METALIKS™ SAFETY EYEWEAR

## BETTER COMFORT

Comfortable spatula temples with soft tips “hug the head” and help relieve “hot spots” around ears. Plus, there’s a soft universal-fit nose bridge.

## BETTER LOOKING

Three metal frame colors combine with clear, gray, Indoor/Outdoor mirror or amber lenses for a distinctive, contemporary look.

## BETTER COVERAGE

New METALIKS are the only safety eyewear to have a 10-base de-centered lens for optimum coverage, side protection and styling.

## BETTER CHOICES

New METALIKS Sport fuses a brushed nickel frame with an athletic shaped lens in clear, gray, amber, Indoor/Outdoor mirror, or blue mirror.

## BETTER FITTING

Both the temples and the nose bridge flex and adjust to custom fit virtually all face shapes and sizes.

## BETTER PROTECTION.

Impact resistant polycarbonate lenses have the added feature of Anti-Fog Hard Coat\* to resist fog, scratches and most chemicals. METALIKS meet ANSI Z87.1, CSA Z94.3 and CE EN-166 standards for global acceptance.

\*Indoor/Outdoor mirror Hard Coat only.

**METALIKS with  
Indoor/Outdoor mirror lens.**

**NEW  
METALIKS Sport with  
blue mirror lens.**

**5 Lens Colors to  
Choose From.**

**Anti-Fog  
Hard Coat.**

**Soft, Adjustable  
Nose Bridge.**
