INTRODUCING PELTOR® NEXT™

*The Only Earplugs Specially
Designed For Today's Young
Workforce.*

It's a fact. Today's younger workforce is the most challenging group to get to wear hearing protection.

Why?

With today's louder lifestyles, they just don't fear the dangers of workplace noise and its long term effects as much as older workers. So, they are less motivated by how well the product works.

They are more driven by an earplug's look, comfort and design.

Simply put, they don't want "yesterday's" plugs. They want new. They want different. They want a choice. That's why Peltor, a world leader in hearing protection for over 50 years, has developed the NEXT line of earplugs.

With electrifying colors, exciting shapes, and ultra-soft materials packaged with a look to complement this edge, NEXT is exactly what younger workers want. Which will get you exactly what you want – better compliance.

***NEXT Earplugs.
It's motivation
with innovation.***

HEAR NO FEAR

Dispenser boxes feature bright, colorful designs.

PELTOR® NEXT™

Nitro™ Earplugs

Explosive Colors, Softest Foam, Tapered Shape

Choice of eye-shocking, orange, red, pink, and purple pairs in one convenient dispenser box. Ultra-soft foam formulation for comfortable all-day wear. Plus, a tapered shape for easy insertion and excellent canal-hugging seal. Available with or without LiveWire Cord.

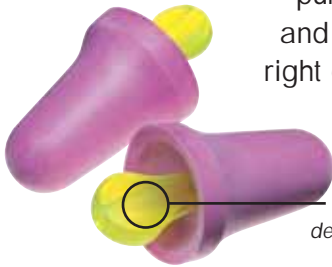

NRR 32 dB
Available with
or without
LiveWire cord

No-Touch™ Foam Earplugs

Hands Off The Foam

What could be easier? These bright purple plugs are soft, shaped and ready for immediate use – right out of the package. No Roll Down required.

Just grab the convenient LiveWire Stem for a firm, deep, and hygienic insertion.

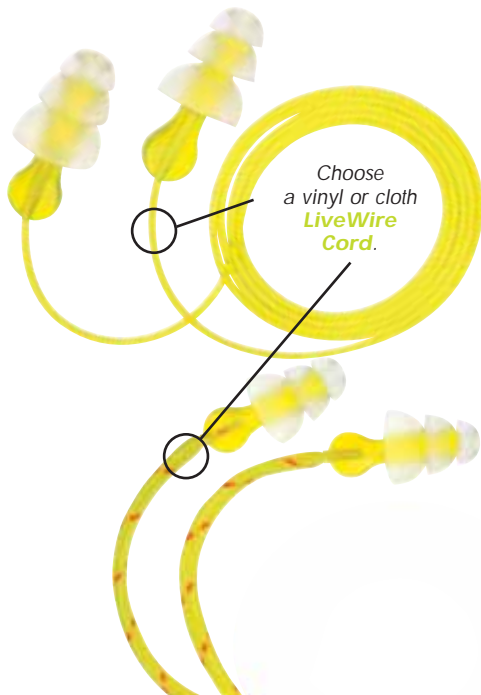

NRR 29 dB
Available with
or without
LiveWire cord

Tri-Flange™ Earplugs

Multiple Seals, Multiple Uses

Soft, flexible flanges conform to the shape of the ear canal to form a triple-level seal against noise. The plastic LiveWire Stem allows for quick, clean, and optimal insertion for maximum protection.

NRR 26 dB
Available
with Vinyl
or Cloth
LiveWire cord
